GREENCASTLE BANNER
June 9, 1881

The committee appointed to apply for and secure, from the National Government, headstones for the unmarked graves of Union soldiers buried in Putnam County, beg leave to report that we have made out a list of such unmarked graves and endeavored to collect all the facts relating to the rank and service of each soldier and the date of his death. The list was prepared with much care and was presented to Col. A. T. Rockwell of the Quartermaster's Department in Washington by one of our members Mr Weik in person. Col. Rockwell informed him that the list would be given to the contractor and set up as soon as practicable. There are quite a number of dead soldiers whose graves can not be marked because of the insufficiency of the records concerning their services and death, the War Department having declined to furnish a headstone unless the full name, service and death be fully and properly shown. Following is a list of names which have the correct record and headstones will be issued in every case.
